THE BLURB

Issue 9, feelin' fine! It's been stormin' like crazy 'round here! I had to cover the whole damn dumpster in a "waterproof" tarp for an entire week! I told Odbal not to touch it or else he'd get wet, next thing I know, the poor 'ol bone's SOAKED! How did he even touch the tarp?! He doesn't even have HANDS! Looks like the storms've been clearin' up, though. I sure hope no tornadoes come outta nowhere, I'm scared to DEATH of 'em. I talked to my neighbor Anders Ulvaeus, this dude that runs the Plastic Pit Media Store about my extreme fear of extreme weather. He told me to "Toke; then mellow, bror" and passed me a bag-o-GANJA! He also slipped me a well-worn record of "Master Of Reality", but I already got one-a those! Too bad I can't mellow out, I AIN'T GOT NO LUNGS! Oh well, "Sweet Leaf" still puts me at ease. I guess music's a good enough drug for an 'ol cyborg like me. Let's take a little trip… ISSUE 9! SPIRAL OUT!

TECKHEAD'S DIGS

Incubus – Fungus Amongus

Gettin' mainstream now, eh? You probably know Incubus, the now-alt-rock band that released the hit track "Drive" a little while ago. Not a terrible group nowadays, but believe me, they used to SUCK A SEAL'S SPHINCTER! And that suckage is especially prevalent in FUNGUS AMONGUS! From the first track alone, my head was hurtin'. I love Mike Patton with all my cybernetic heart, I even got a picture of him beside my cardboard mat-bed, but I HATE the Patton mimicry on this record. It's all so gratin' that I couldn't even get through the friggin' thing! At least these fellas learned from their affronts and went on to make… mediocre rock.

All-in-all, I give this amateur attempt of an album

1 outta 5 TeckHeads

It's not often I go all nucular on an album…

Trip With The Teacher – 1975

Good evening, Ladies and Larries. I'm at a complete loss for words. Never did I ever think in a thousand, nay, a trillion years I could find an exploitation flick so boring, so lifeless, and so uninspired. I don't even feel like describing the plot, because I don't remember it. That's how forgettable Trip With The Teacher is; you deserve so much better than a plot explanation for this.

Avoid this flick like the plague. I don't even have a quote for this one, because in all honesty, I slept through it.

Genre: Exploitation

Director and Writer: Earl Barton

Runtime: 95 Minutes

Odbal's Pick

Earache My Eye – Cheech & Chong

Heh-heh-HEY boisengoils! It's time for an Odbal Pick! Nothin' beats a DEMENTED classic! It's the SMASH *HIT* from America's favorite pair-o-potheads! Apparently this song was SUPPOSEDLY written by some yahoo named "Alice Bowie", but I don't even know if he exists! What? He's just some fictional character?! I thought he kinda sounded like Cheech! Everytime i listen to this diddy, I can't help but think-a all those wussy lipstick-wearin' rockstars that Teckhead keeps yappin' about. A pretty ODD BALL Odbal Pick, eh?

I'M SO BLOODY RICH! AND I ONLY KNOW THREE CHORDS!

Year: 1974

TECKHEAD'S GAME DU JOUR

Postal 2 – Microsoft Windows

"This can't be good for me but I feel great!" Just when I thought games couldn't get SICKER! Postal 2 is a "choose your level of violence" first-person shooter where you play as the part-Neo-part-William-Foster "Postal Dude" just tryin' to make his way through life in the podunk town of Paradise, Arizona. From start to finish, this game is total MADNESS! Rife with fresh post-9/11 political satire, large scrotum mascots (why do I keep findin' games with BALLS in 'em?!), and real-life people like GARY COLEMAN! For a game with such a small budget, you can do an awful lot in it! I go from askin' someone to sign a petition, to blastin' their head off, to returnin' an overdue library book, to blowin' Crack smoke into a cop's face just to mess with him! I'm an absolute PSYCHO for this CRAZY-ASS game! I'd say my only gripe with it is that it's a little… buggy. I'll have a good game goin' and then all of a sudden… CRASH! There goes an entire day's work! Oh well, I'd still say the juice is still worth the squeeze!

All in all I give this controversial computer game 4.5 outta 5 TeckHeads!

Just be careful where you flash this… I hear it's ILLEGAL to play Postal 2 in New Zealand! CONTRABAND, BABY!
